

Contact wheels

Contact wheel made of flexible VU foam lamella, cushion over 20 mm

Ventiflex® H

cushion with a height of over 20 mm. Thanks to its cool-grinding properties and high elasticity, it is particularly suitable for heavily profiled workpieces and ensures optimum use of "J" belts.

For use with which machine:

Here you will find general information about contact wheels and storage information for contact wheels.

Category: Contact wheels with running cushion made of foam slats
