

Satin finishing tool

Satifix® RZ

Satin finishing roller with 19 mm bore and two 6×2 mm keyways, for almost all materials, but particularly suitable for stainless steel, combined version with non-woven and abrasive cloth flaps, resulting in a coarser sanding pattern and higher chip removal. Nonwoven qualities A 80 (coarse) to A 280 (very fine), intermediate layers P 40 to P 320.

For use with which machine:
